Engage Students and Improve Literacy in Your Classroom!

Follett Educational Services (FES) offers a full range of *brand-new* classroom literature to help educators support the differentiated needs of their students for K-12 grade levels.

Outstanding Selection from a Single Source!

- Choose virtually any title in print from all major publishers including graphic novels, high interest/low readability, classic and contemporary novels, Spanish language titles, current popular fiction, nonfiction, and more!
- Select the binding that fits your needs from paperback, BookGuard™, hardcover, and FollettBoundSM formats.

Personalized Support from Curriculum Specialists.

- FES provides title recommendations for popular classroom themes and author studies.
- Our curriculum specialists can help you select materials that are instructionally sound, address learner outcomes, and meet curriculum standards.

Follett BookGuard™

Extend the Life of Your Paperbacks!

Paying too much for hardcover novels? Follett BookGuard™ extends the life of your paperback books by covering them with a tough, clear laminate that protects them against marks, spills, and everyday wear and tear. The heavy-duty laminate reinforces the book cover and spine without limiting the flexibility that a paperback book requires.

Follett BookGuard™ is pre-applied to every cover, so your books arrive ready to distribute to your students. Follett BookGuard™ is the perfect solution for preparing your paperbacks for multiple student use in the classroom.

Follett BookGuard™

- A durable, long-lasting alternative to hardcover books, at less than half the cost.
- Permanent, tough, flexible and tear resistant.
- Crystal clear laminate will not yellow or deteriorate.
- Made from the highest quality polyester and acid-free adhesive.
- Won't harm or discolor the original book.
- Spine and color graphics remain fully visible.
